Allen vs. Dairy Farmers of America, Inc.  
#5:09-CV-230-CR

MTF Inc. has shipped milk through Md.-Va. (#26487) for 80 years, through Nov. 2013.

The settlement amount would not allow any producer to recoup anywhere near the amount of revenue lost due to the actions of DFA-DMS over many years.

MTF would also prefer the case to go to trial as the actions of the management personnel of DFA and DMS would then become a matter of public record.

Thank you,
